## RE: CHATHAM-KENT CHILDREN'S SAFETY VILLAGE

On behalf of the Chatham-Kent Police Service, I would like to congratulate your committee on their initiative and efforts to create the Chatham-Kent Safety Village.

The ability to transform the concept of the Safety Village to reality is truly a wonderful step for our Community. The Chatham-Kent Police Service and the Police Services Board fully support this initiative. The Police Services Board has recently completed a three-year business plan and the Children's Safety Village has been incorporated in the Service's long-term commitment to provide the youth in our Community an educational facility to enhance safety.

Once again, I wish you and your committee continued success in achieving this proactive vision of the Safety Village.

Best of Luck!

Yours truly,
